**Dedication to Gordon Lightfoot**

This newsletter I want to acknowledge the death of Gordon Lightfoot. He was 84. I enjoyed his music. Music sing to while in the car, music that was romantic (think "If you could read my mind" and "Sundown") and historically (think "The Wreck of the Edmund Fitzgerald") I had the chance over the years to see him in concert 3 times. His music will live on anytime one has their heart broken.

The native Canadian won 16 Juno awards (Canada's Music Awards) and scored eight top 5 albums in Canada during the 1970s. Lightfoot was held in high regard by other artists with Bob Dylan once remarking that "I can't think of any Gordon Lightfoot song I don't like," adding, "Every time I hear a song of his, it's like I wish it would last forever."

## Events I attended this week

**Friday, April 28**, I was invited to attend a virtual event focusing on the Master Plan for Aging's Caregiving that Works Bold Goals. I served on a panel with other Supervisors and local leaders. We discussed that caregivers needed more respite time. Maintaining a well-trained, workforce to provide care for our community members is needed. Counties need to look at community colleges to deliver the training needed to have this workforce. The topics discussed were diverse. I enjoyed the interaction with everyone. This is a top priority of mine as I serve as the chair of Napa/Solano Area Agency on Aging this year.

**Monday, May 1**, I spent time on Zoom with my constituents on Mare Island. The topic was about Community Facilities District (CFDs). The 322 homes are paying on 3 CFDs. The main issue is why do they pay twice for fire and police protection. Shouldn't their "normal" property tax pay for that service. It was a very informative session. My office has sent letters before on this issue, but having the information re-freshen is a good reminder of the issues.

**Wednesday, May 3**, I attended the Nurse-Family Partnership Graduation. This program helps first time parents from pregnancy up to age 2. Ten little ones "graduated" from the course. Having healthy families is one of many services the county provides.
