The Solano County Agricultural Commissioner’s Office is compiling information for the “2024 Crop and Livestock Report.” Under Section 2279 of the California Food & Agricultural Code, it is the responsibility of the Agricultural Commissioner to compile an annual report consisting of the acreage, production, and value of the agricultural products produced in Solano County. **This report reflects the gross value of production and does not reflect any net proceeds to the grower. The information you provide is kept strictly confidential under state privacy law and reported in a way to protect that confidentiality.**

Please take a moment to complete the enclosed survey forms. In the appropriate survey, please report:

1. Number of acres harvested/ produced, and/or number of head of livestock.
2. Either the yield per acre or the total yield and/or gain of weight.
3. Check a yield unit Box (ton, lb., or cwt).
4. Price per unit and/or total value.
5. Check a price unit (either ton, lb., or cwt).

In addition, please review the contact information we have for you and make corrections if needed:
