Deborah Johnson, North Bay District Administrator reported that parole violations will not be handled through CDCR Institutions as of July 1, 2013, which will probably increase the population in the County jail. Kevin Golson of CDCR explained that depending on the arrest and the category of the committing offense of the Parolee, several things may happen. If the offense is serious, the Parole Board determines the sanction. Non-serious offenses may be adjudicated at the Unit level through the Unit supervisor. Since the implementation of AB109, non-serious violations carry a maximum term of 6 months.

Chief Hansen and Kevin Golson will meet to discuss the Revocation process in Solano County to include developing a plan on how to address parole violations/revocations at the local level.

Data Subcommittee Report

Gary Elliott reported the sub-committee's data collection efforts are fairly static. Probation is reporting specific information (data) to the Chief Probation Officers of California (CPOC) and the Sheriff's Office is reporting specific information (data) to the Board of State and Community Corrections (BSCC). CPOC published a report in July 2012 that summarized a lot of the Data Collection efforts, and they will be updating that report periodically. BSCC is working to publish a similar report, but their efforts have been delayed due to organizational restructuring. Carol Cain is still meeting with representatives from Probation, HSS, and the Sheriff's Office to review data collection as it relates to sharing information at the local level.

Day Reporting Center Framework - Chief Hansen distributed the Public Safety Realignment Day Reporting Center Implementation Plan Framework submitted by Corrections Consultant Thomas White. Attachments of the plan will be placed on the Probation Department's website under the Community Corrections Partnership.

The committee agreed to move forward with the framework of Tom White's report. If any member has anything to add, please email Roberta Flannel at rbflannel@solanocounty.com. Chief Hansen proposed moving the next CCP meeting to October 17, 2012 in order for Tom White to give an updated report to the committee.

Lesli Caldwell – (Added Item 6a) - The Stanford Law School is conducting research regarding the Realignment laws and the effect on County decision making. Stanford Law School has invited Solano County as one of the six counties to participate in the study. This would consist of interviewing the voting members of the CCP which will take approximately 45 minutes for each person. The results will be shared with the State Legislature, the Attorney General, and the

Governor's Office. Don du Bain made a motion for the Committee to participate in the study. Patrick Duterte seconded the motion. No opposition. Motion carried. (5-0).

Public Safety Realignment Implementation Plan for 2012

The committee approved the County of Solano Public Safety Realignment Plan for 2012. The committee carried the 2011 plan forward and adopted the plan for 2012. Chief Hansen suggested the Committee look at the plan before the end of the calendar year. Patrick Duterte made the motion to approve the plan. Don du Bain seconded the motion. No opposition. Motion carried (5-0).
