

COUNTY OF SOLANO

SUBSTANCE ABUSE PROGRAM COORDINATOR

Est. 10/95

DEFINITION

Under general direction, plans, organizes and coordinates a drug and alcohol treatment program providing community support/social services, continuing care, or treatment of substance abuse clients and their families; serves as a member of the Health and Social Services management/supervisory team, and may provide direct clinical services and other related duties as required.

DISTINGUISHING CHARACTERISTICS

This class is characterized by programmatic or supervisory worker responsibility for program planning and development, assisting in contract negotiations and monitoring, preparing reports and interagency coordination. Incumbents may carry a caseload requiring difficult and intensive substance abuse therapy for drug and alcohol clients and their families. This class is distinguished from the Supervising Mental Health Clinician in that the latter has responsibility for supervising a unit of Mental Health Clinicians providing direct clinical services. It is distinguished from the Substance Abuse Administrator which has responsibility for multiple programs, budgetary oversight and monitoring, and revenue generation.

EXAMPLES OF DUTIES

Depending on assignment, duties may include but are not limited to the following:

1. Plans, organizes and coordinates the activities of a substance abuse program in accordance with laws, regulations and departmental policies; provides operational and budgetary oversight; provides for quality assurance; participates in the evaluation of clinical and technical staff's performance; coordinates licensed and unlicensed professional services.
2. Conducts clinical case conferences with licensed and non-licensed staff to evaluate case progress; provides consultative supervision to staff as necessary; develops staff awareness and skills; provides information and training on the latest service techniques.
3. Coordinates and provides direct clinical services which may include initial client screening, assessment, individual and group counseling, case management and/or therapy and makes appropriate referrals; performs crisis intervention when necessary.
4. Takes lead responsibility in developing and/or maintaining a substance abuse service, education or advocacy program; monitors and evaluates program performance in order to meet program goals and objectives.

EXAMPLES OF DUTIES (Continued)

5. Meets with representatives of other programs, local and state departments, agencies and community organizations concerning substance abuse issues related to the assigned program.
6. Assists in developing and monitoring contracts or grants in an assigned service area; monitors budget expenditures; ensures revenue collection; contract compliance and quality of services provided by contractors and providers.
7. Works with community groups and gains support from the community for assigned substance abuse program.
8. Performs administrative support services such as ordering supplies, processing maintenance requests, arranging minor purchases, etc.
9. Works with Health and Social Services Department to plan and implement integrated services.

QUALIFICATION GUIDELINES

Education and/or Experience

Extensive professional substance abuse experience involving the provision of drug and alcohol treatment or continuing care services supplemented by training or experience in supervision which demonstrates possession of and competency in requisite knowledge and abilities. Typical qualifying education and experience would be:
