Capital construction projects excluded from the Public Art program include maintenance projects. These funds shall be deposited in the Public Art Fund established by the auditor-controller. The amount to be appropriated shall be based on the total capital project appropriation, including construction costs, architect and engineering fees and site work, less costs for property acquisition and preparation, unless otherwise prohibited by law or by the terms of any grant. The funding requirement may also be waived by the Board of Supervisors.

(Ord. No. 1639, §5; Ord. No. 1695, §2)

Sec. 5-6. Use of funds

Funds appropriated pursuant to this chapter will be used for design services of artists, for the selection, acquisition, purchase, commissioning, installation, examination and/or display of artworks, for the maintenance of artworks, for education concerning the artwork and for administrative costs of the Art Committee in connection with the program. Funds appropriated pursuant to this chapter, which remain unexpended or are deemed not necessary or appropriate for use in the building, may be pooled to be expended on other capital projects subject to this chapter.
