PART 2 - BACKGROUND

2.01 Purpose of the RFP

The Division of Mental Health of the Solano County Department of Health and Social Services is seeking proposals from qualified applicants to administer and provide services for the two strategies/programs outlined in the Transition Age Youth (TAY) Project of Solano County's Mental Health Services Act Prevention and Early Intervention Plan (MHSA/PEI)² as approved by the state Mental Health Services Oversight and Accountability Commission (MHSOAC). This project will be a 30-month effort of the Department of Health and Social Services Mental Health Division, and will be funded up to \$144,000 for Year 1 (Fiscal Year 2009-10), and \$288,000 for Year 2 and 3 (Fiscal Years 2010-11 and 2011-12), adjusted for inflation.

2.02 County Information/Background

Solano County is the nineteenth largest California County (as measured by population) with a total population of over 400,000. The county has seven incorporated cities including Benicia, Dixon, Fairfield (the county seat), Rio Vista, Suisun, Vacaville, Vallejo. The majority of residents reside within these cities and the majority of county facilities are currently located in the incorporated areas. Solano County's population is stable and/or growing, particularly in the north portion of the county.

The Mental Health Division of the Department of Health and Social Services assists over 4,000 children, youth and adults each year who are experiencing a psychiatric crisis or who have significant mental and emotional disabilities. Services include: crisis and brief therapy, case management, psychiatric assessments and medication, outpatient treatment, day treatment, and a range of community support services. Managed Care mental health services are available through the program.

The passage of Proposition 63 (the Mental Health Services Act or MHSA) in November 2004, provides the first opportunity in many years for increased funding, personnel and other resources to support county mental health programs and monitor progress toward statewide goals for children, transition age youth, adults, transition age youths and families. The Act addresses a broad continuum of prevention, early intervention and service needs and the necessary infrastructure, technology and training elements that will effectively support this system. The Prevention and Early Intervention component funds prevention and early intervention services for children, adults and families.

2.03 Services to be Provided

County intends to fund all of the following strategies/programs, and to make funding available throughout Solano County. All programs should serve transition age youth at risk of or experiencing the onset of serious psychiatric issues. Programs should also address existing disparities in access to mental health services throughout the county, as well as

²It is strongly recommended that applicants review the entire PEI plan, which may be found at <http://www.solanocounty.com/depts/hss/mhs/mhsa/pei.asp>.

stigma and discrimination faced by transition age youth at risk of or experiencing mental health issues. All Applicants should address how they will participate in a system wide integration of transition age youth mental health services across the prevention and early intervention continuum, and strategies to link into ongoing publicly and privately funded intervention and treatment systems of care. Funded Applicants will be required to participate in a Connected by 25 Workgroup and other community efforts to serve transition age youth.

Strategy #1 - Community College-Based Supported Education and Employment
(approximately 90% of total funding)

The California Education Code requires schools and colleges to provide services to students with psychological disabilities. Students recovering from mental illness currently comprise the largest group of disabled students on college campuses. It is expected that this group will continue to grow based on the estimate from the National Institute of Mental Health that one in four Americans over the age of 18 suffers from a mental disorder in any given year. Students with psychological disabilities have unique service needs due to ongoing fluctuation in functional limitations created by their disability, and vulnerability to stress, which frequently leads to dropping out of school.

The PEI Supported Education and Employment program combines best practices for Supported Education and Employment. The program is designed to serve Transition Age Youth (TAY) between the ages of 18-25 who are attending Solano Community College. The program will specifically target youth transitioning from foster care, underserved cultural groups, and lesbian/gay/bisexual/transgendered/questioning (LGBTQ) youth.

Based on the Supported Education/Supported Employment best practice model developed by Karen Unger, Ph.D.³ and the Wellness and Recovery Action Plan developed by Mary Ellen Copeland, Ph.D.⁴, the proposed TAY Supported Education/Employment program is grounded on the principle that each youth's mental health wellness and recovery can best be facilitated by providing individualized and enriched education and employment support at this formative time in their lives. Supported education can decrease attrition rates for students with psychological disabilities from approximately 90-95% to approximately 17-20%. Supported education programs lead students to report a greater level of satisfaction with their quality of life than persons recovering from mental illness who are not attending college; result in a decreased incidence of hospitalization; and result in higher rates of employment (approximately 50%) for students with psychological disabilities. Similarly, fifteen years of research has established that supported employment is an evidence based practice that is more likely to facilitate wellness and recovery than social rehabilitation programs or psychotropic medication management services alone. Compared to other methods of vocational rehabilitation, supported employment consumers who are placed directly into jobs with training and support have higher rates of employment than consumers with extended pre-vocational preparation.

³ Karen Unger, Ph.D. "Handbook on Supported Education: Providing Services for Students with Psychiatric Disabilities".

⁴ Mary Ellen Copeland, Ph.D. "Wellness Recovery Action Plan: a system for monitoring, reducing and eliminating uncomfortable or dangerous physical symptoms and emotional feelings".

Solano Community College Involvement: The Solano Community College Disability Services Program provides supported education to assist individuals with disabilities to attain equal access to the educational offerings at Solano College. Disability Program staff provide the following: special education testing for learning disorders; evaluation and assessment of educational supports and accommodations needed; liaison with instructors to explain the accommodations needed in classroom and monitor whether additional accommodations and supports are needed; note takers, readers and/or test taking assistants for students; and coordination and referral to mental health providers, Workforce Investment Bureau and Department of Rehabilitation. The College also provides access to student services such as the Career Center, the Student Counseling Center, and Financial Aid Office. The college refers eligible students to the Workforce Investment Bureau or Department of Rehabilitation for work experience field placements; employment training and guidance; vocational testing; vocational rehabilitation services; job coaching; and to locate and link with employers who employ mental health consumers in need of work accommodations. Funded Applicants will work closely with Solano College Disability Services Program to coordinate services for TAY.

TAY Eligibility: To participate in this program, youth must be Solano County residents ages 18-25 who are high school graduates or who are not in school; eligible for Solano College enrollment; and at-risk for or have already experienced a First Break (first onset of a serious psychiatric illness resulting in psychosis).

Eligibility based on First Break will be met when a TAY is diagnosed by a qualified mental health professional as having: schizophrenia, schizoaffective disorder; brief psychotic psychosis; schizophreniform disorder; bipolar disorder with psychotic features; or major depression with psychotic features. TAY having a second psychotic break will not be eligible.

Program eligibility for “at-risk for a First Break” should be based on students fitting At Risk Mental States (ARMS) profiles⁵, including:

- ✓ A combination of several symptoms, some of which may include, but are not limited to: odd thinking and behavior; seeing things no one else sees; being fearful for no good reason; hearing sounds/voices that are not there; declining interest in people, activities and self-care; trouble in school or work; suspiciousness or mistrust of others; withdrawal from family and friends; dramatic changes in sleep or appetite; suicidal thoughts or attempts.
- ✓ Heavy use/abuse of marijuana (or street drugs) that starts in adolescence and produces psychotic-like symptoms (especially if there’s a family history of psychosis).
- ✓ An unexpected decline in the way a youth is functioning or relating to others (especially if there is a family history of psychosis).

Referrals to the Supported Education and Employment program may come from the youth themselves, his or her parents, primary care physicians, psychiatrists, Family

⁵ Research indicates that there is a 33-50% risk of a First Break within one year for TAY experiencing several ARMS symptoms. Among TAY with a family history of schizophrenia, there is a 68-80% risk of a First Break within one year if the youth is currently experiencing: recent deterioration in functioning; higher levels of unusual thought content; higher levels of suspicion/paranoia; greater social impairment; and high substance abuse.

Resource Centers, schools, community based agencies, county agencies, or faith based organizations. A referral process and selection criteria should be created and documented. A case consultation team should be consulted as necessary to determine eligibility and individual education and employment plans and may include supervisors from Solano County Mental Health and representatives of Child Welfare Services, adult and juvenile probation, and substance abuse services, as necessary.

Program Components. The proposal should describe the following program elements:

1. **Outreach.** Outreach aimed at identifying eligible youth, particularly those from foster care, underserved Hispanic, Asian/Pacific Islander, Native American, and LGBTQ populations should be conducted by staff with expertise in working with bilingual-bicultural youth. Outreach should be made in collaboration with Solano Community College, schools, Special Education Local Plan Areas (SELPA) and Adult Schools, primary care physicians, primary health care clinics, Family Resource Centers, newspapers, faith based organizations, public agencies and community-based organizations serving teens, families, and ethnic/cultural groups. In addition, outreach should be made to ethnic faith based organizations, businesses and other stores, markets and restaurants frequented by TAYs from underserved populations (e.g. Filipino food market in Vallejo or Latino food market in Dixon). Outreach may include education and training for parents, physicians, and community agencies to help them identify the early signs of serious mental health problems, and take steps toward intervention.
2. **Transportation.** Transportation should be facilitated, as needed, to and from the TAY program and Solano Community College from central locations throughout the county.
3. **Assessment and Mental Health Services.** Comprehensive assessment of each youth's mental health, educational needs, and vocational needs should be conducted by a mental health clinician at program entry. If at any time a participating student's mental health issues worsen and he or she needs acute services, program staff must immediately refer the student to public or private mental health providers.

These services will enable students to receive the mental health support needed to keep their functional impairments from interfering with attendance or the completion of course assignments/ homework; to help students cope with stress to prevent dropping out; and to mediate any attention, motivation or behavior problems that could be an obstacle to learning.

4. **Individualized Plans.** An individualized educational, employment, empowerment plan (IEEEP) addressing the youth's developmental level, educational and employment history, interests, goals, skills, special needs, and accommodation requirements should be developed by the youth with the assistance of the TAY program staff. In addition, the youth should also develop a plan for classroom support, assisted by staff experienced in supporting student learning, developing independent living skills and finding employment. For former or current foster youth, this plan will supplement any Independent Living Plan (ILP) developed in conjunction with Child Welfare Services.

5. **Education/Employment Programs.** Educational/employment courses and programs designed specifically for TAY should be developed with Solano Community College. These programs should either be a gateway to a specific career path, or an entry to other educational, training and employment options. Such programs may include:

- ✓ Wellness and Recovery Action Plan (WRAP) classes – 3 units
- ✓ Peer Counselor Certificate Program – 15 units/1 year program
- ✓ Computer Certificate Program – 15 units/1 year program
- ✓ Culinary Certificate Program – 21 units/ 1.5 year program
- ✓ Fast Track Program – 6 units/ minimum 6 month program
- ✓ Compass Program – 15+ units/ minimum 1 year program (for youth who will gradually define their educational and employment preferences)

Each program must include curricula essential to a young adult's ability to develop independent living skills and manage mental health challenges. Curricula should facilitate mastery for students with academic challenges due to: mental health disability; learning disorders; development delays; truancy; or histories of frequent residency and placement changes. Instructors and materials should be culturally and linguistically appropriate, as well as sensitive to the special needs of students enrolled in the program.

6. **Paid Work Experience, Internships and Assistance Finding Work.** Upon completion of an education program, students should be offered/assisted in finding paid work experience and paid internships, as appropriate. In addition, a job coach should assist students in finding a job, developing a plan of work accommodations, and monitoring the youth's progress on the job site. Staff should maintain linkages to the Workforce Investment Board, California Department of Rehabilitation, and community employers for job training sites and paid employment for eligible students.

Staff for the Supported Education and Employment Program should, to the extent feasible, be bicultural, bilingual, and include mental health consumers.

Strategy # 2 – Parent/Caregiver Education and Support (approximately 10% of funding)

The second strategy funded by the PEI TAY Project is an adult class on parenting Transitional Age Youth. This class, which may be provided by adult schools or other providers throughout Solano County, is intended to educate and assist parents and caregivers of youth 16 to 25 in recognizing and addressing mental health issues, and in providing appropriate support to their children. Each class should cover understanding mental health risk factors; the importance of early intervention; treatment options; how to access mental health, medical and support services; Wellness and Recovery self-care plans; communication techniques for empowering youth; empowering youth for independent living; employment resources; and information and referral options to community resources.

Materials should be available in the language of parents/caregivers participating in the class, and include an Information and Referral Directory to identify and access community services and support. The curriculum should be coordinated with the college-based Supported Education and Employment Program to complement the youth's curricula on life skills and mental health.

Staff should be knowledgeable in TAY mental health issues and family dynamics, culturally competent, bilingual as appropriate, and skilled in addressing the needs of students and families within their own cultural/ethnic communities. Reasonable and appropriate fees may be charged.

Note: Prevention and Early Intervention funds may not be spent on curriculum development. Additional funding for curriculum development may be available through Solano County's MHSA Workforce Education and Training (WET) Plan. In addition, funding may be available from the MHSA Housing Program in the form of long term low interest loans to purchase and rehabilitate housing for TAY who qualify for Solano County mental health services. If you would like to find out more about how to access housing funding, contact the Solano County MHSA Housing Project Manager at 707-784-8374 for details of the program.

ADDENDUM I-A PROPOSAL REVIEW PROCESS

A. Proposal Review and Ranking Process

1. Staff Review: RFP Compliance

Proposals will be reviewed for completeness and compliance with RFP requirements. County reserves the right to reject incomplete proposals or proposals that do not meet RFP requirements. To be considered compliant with RFP requirements, the Applicant must address and/or include all required Proposal components (if a particular component is not applicable, provide a statement to that effect with appropriate documentation).

2. Individual Proposal Review

Proposals that advance to the next step of the process will be submitted to a Proposal review panel assembled by County. Each Proposal will be reviewed individually and scored based upon the merit of the Proposal and its adequacy and thoroughness in response to the RFP. The review panel members will evaluate each Proposal using the specific review criteria in Addendum I-B. The weighted proposal evaluation criteria are shown below, along with the maximum number of points possible. Scores may range from 0 to 100 points, as follows:

Proposal Elements	Maximum Score
Scope of Work/Evaluation Plan	60 Points
Budget	25 Points
Organizational Capacity and Qualifications	15 Points
Total Maximum	100 Points

3. Review Panel Recommendations

After the initial review and rating of each Proposal, the review panel will meet to discuss the Proposals and establish final ratings, rankings (based on the average of the review panel's final ratings) and recommendations. **NOTE:** A Proposal must attain a minimum average score at least 80 points from the review panel to be considered a finalist for the solicitation. County reserves the right to award funding to the top-ranked Proposal if no Proposal receives a minimum average score of 80 points. Finalists will be recommended in rank order (based on the final average scores determined by the review panel for each Proposal) to the Director of Mental Health for funding consideration, along with suggestions for potential program, budget or other modifications.

4. Fiscal Review

Applicants and Proposals will be reviewed for fiscal solvency, internal controls, procedures, administration, and appropriate program budget based on the documentation provided.

The next steps are: Mental Health Director approval and award of funding, contingent upon successful contract negotiations (which may include a site visit); finalization of service and evaluation plans; finalization of budget; and award of contract. The RFP files shall be made available for public inspection upon award of final contract.

Note: County’s approval of an allocation of funding to one or more Applicant(s) does not create rights, interests or claims of entitlement and does not imply or promise funding by County of Solano. No Applicant is authorized to begin work until the contracting process is complete and a signed, properly-executed contract is in place. No reimbursement is authorized until and unless a fully executed contract is established.

Appeals Process

Any actual or prospective bidder, offeror, or contractor who is aggrieved in connection with the solicitation or award of a contract may protest to the RFP Coordinator. The protest shall be submitted in writing to the RFP Coordinator within seven (7) working days after such aggrieved person or company knows or should have known of the facts giving rise thereto. All letters of protest shall clearly identify the reasons for the protest. The RFP Coordinator shall issue a written decision within ten (10) working days after receipt of the protest. The decision shall: state the reason for the action taken; and inform the protester that a request of further administrative appeal of an adverse decision must be submitted in writing to the Clerk of the Board of Supervisors within seven (7) working days after receipt of the decision by the RFP Coordinator.

BUDGET INSTRUCTIONS

A. General Information

Budgets should be consistent with the level, type and scope of services and evaluation activities to be provided. Budgets should reflect common business practices and be adequate to ensure the success of the project. **NOTE: “Year” is the Solano County Fiscal Year, i.e. July 1-June 30.**

Consistent with the intent of the Mental Health Services Act of 2004, no monies from this program may be used to supplant state, county or local general fund monies available to the agency for any purpose. Activities funded under this RFP must be new or enhancements to existing activities. Funds are not allocated for capital improvements.

For a lead agency Proposal complete one Addendum V-B for the entire Proposal and complete Addendum V-C and Addendum V-D for the lead agency and each subcontractor providing direct services. For a joint agency proposal, complete Addenda V-B, V-C, and V-D for each agency.

1. ADDENDUM V-B: BUDGET SUMMARY FORM

- Applicant(s) must complete the Budget Summary form indicating the total amount of funding toward the project and the amount requested from County for this RFP for each year.
- Indirect costs should not exceed 15% of the total budget.

2. ADDENDUM V-C: LINE ITEM BUDGET FORM

- Applicant(s) must complete a Line Item Budget Form for each year of funding requested. If this is a Joint or Lead Agency Proposal, each partner or subcontractor who is providing direct services must complete a Line Item Budget Form for each year of funding requested.
- Personnel costs must include positions, salary, and Full Time Equivalent (FTE) (actual percentage of time devoted to the project) for each position. Salary and fringe benefits must be pro-rated for non full-time employees, if agency provides fringe benefits to part time employees. Salaries are fixed compensation for services performed by staff that are directly employed by the Applicant and are paid for on a regular basis. Employee benefits and employer payroll taxes include employer's contributions or expenses for social security, employee's life and health insurance plans, unemployment insurance, pension plans, and other similar expenses that are approved by H&SS. These expenses are allowable when they are included in the grant award and are in accordance with the agency's approved written policies.
- Salaries and benefits of personnel involved in more than one grant or project must be charged to each grant based on the actual percentage of time spent on each grant or project. The annualized actual percentage charged for a particular position (e.g., Project Director) cannot exceed the annual percentage approved in the grant award. Similarly, the dollar amount charged for a particular position also must not exceed the dollar amount in the approved grant award. Functional

timesheets or an allocation plan must be maintained which support the time charged to H&SS grants.

- Allowable operating expenses are defined as necessary expenditures exclusive of personnel salaries, benefits and equipment. Such expenses include specific items directly charged to the project. The expenses must be grant-related (i.e., to further the program objectives as defined in the grant award) and be incurred (realized) during the grant period. H&SS reserves the right to make the final determination if an operating expense is allowable and necessary.

3. ADDENDUM V-D: BUDGET NARRATIVE FORM (up to three pages, Arial, 11 point font)

- Applicants must complete a Budget Narrative Form describing the costs associated with the project. If this is a Joint or Lead Agency Proposal, each partner or subcontractor who is providing a Line Item Budget Form must complete a Budget Narrative Form.
- This form should include, at a minimum, the following information:
 - Describe the costs of the overall project (and the costs attributable to each partner in a joint agency Proposal). Note: If the Proposal is not countywide but covers more than one city/geographic area, provide explanations for each area as necessary.
 - Explain the justification for each line item in the budget and include detail that describes what each item is, how the item relates to the project and how the amount shown was arithmetically determined.
 - Describe internal management and fiscal control systems for the single agency or each partner agency, as appropriate.
 - Describe the role, scope of services and cost basis for any consultant services to be provided.
 - Discuss any additional sources of income that have been or will be leveraged to support the project. List source and amount of all non-H&SS income to be applied to project.
 - Describe specific plans for the sustainability of the program beyond the term of the requested funding.

EXHIBIT A
SCOPE OF WORK

CONTRACTOR SHALL BE RESPONSIBLE FOR THE FOLLOWING DUTIES:

COUNTY SHALL BE RESPONSIBLE FOR THE FOLLOWING:

EXHIBIT B

BUDGET DETAIL AND PAYMENT PROVISIONS

1. METHOD OF PAYMENT

A. Upon submission of an invoice by Contractor, and upon approval by County, County shall, in accordance with the “Contractor Budget” attached to this Contract as Exhibit “B-1” and incorporated into this Contract by this reference, pay Contractor monthly in arrears for fees and expenses incurred the prior month, up to the maximum amount set forth in Section 3 of page one of this Contract. Claims submitted by Contractor must:

1. Meet all criteria set forth in this Contract;
2. Specify services rendered, to whom, date of service and the accrued charges. All services rendered should be in accordance with those described in Exhibit A; and
3. Be documented by:
 - a. Submission of a completed “Monthly Expenditure/ Reimbursement Form”, the sample form of which Contractor must use is attached to this Contract as Exhibit “B-2”; and
 - b. An agency spreadsheet with Contractor’s total agency budget.
 - c. Submission of a Monthly Status Report on a form prescribed by the County to the Contract Monitor of the Mental Health Division by the 10th day of the following month. Invoices submitted by Contractor will not be processed for payment until receipt of the Monthly Status Report has been verified.

B. As set forth in Exhibit B-1, there are three budget categories in this Contract: (i) personnel, (ii) operating expenses, (iii) administrative costs. The number of staff supporting the services, the hourly rate for each position, and a job description for each position are also to be included. Notwithstanding Section A above, monthly amounts claimed by Contractor may not exceed 1/12 of the total budget without prior written authorization from County.

C. Contractor may request transfers between the budget line items within a budget category, as set forth in Exhibit “B-1” [Contractor Budget Request], by submitting to County a completed “Budget Modification Request Form”, the form of which Contractor must use is attached to this Contract as Exhibit “B-3”. Transfers between budget line items may be made only upon prior written approval of County, which approval will not be unreasonably withheld.

D. The following criteria apply to Contractor Budget Requests submitted by Contractor under this Contract:

1. Requests for payment of personnel costs must include positions, salary, and actual percentage of time for each position. If Contractor provides fringe benefits to part time employees, salary and fringe benefits must be pro-rated for non full-time employees. Salaries are fixed compensation

for services performed by staff who are directly employed by Contractor and who are paid on a regular basis. Employee benefits and employer payroll taxes include Contractor's contributions or expenses for social security, employee's life and health insurance plans, unemployment insurance, pension plans, and other similar expenses that are approved by County. These expenses are allowable when they are included in the project budget and are in accordance with Contractor's approved written policies.

2. Salaries and benefits of personnel involved in more than one program must be charged to each program based on the actual percentage of time spent on each program. The annualized actual percentage charged for a particular position (e.g., Project Director) cannot exceed the annual percentage approved in this Contract. Similarly, the dollar amount charged for a particular position also may not exceed the dollar amount in the attached Budget. Functional timesheets or an allocation plan must be maintained that support the time charged to this Contract.

3. Allowable operating expenses are defined as necessary expenditures exclusive of personnel salaries, benefits, equipment or payments to subcontractors. Such expenses include specific items directly charged to the project. The expenses must be program-related and be incurred (realized) during the Contract period. County reserves the right to make the final determination if an operating expense is allowable and necessary.

4. Indirect costs are shared costs that cannot be directly assigned to a particular activity, but are necessary to the operation of the organization and the performance of the program. The costs of operating and maintaining facilities, accounting services and administrative salaries are examples of indirect costs.

2. **ACCOUNTING.** Contractor shall:

A. Establish and maintain a system of accounts for budgeted funds that complies with generally accepted accounting principles and practices for not-for-profit organizations/governmental entities. Additionally, Contractor must submit claims for payment under this Contract using either a cost allocation method or a direct billing method, as set forth below.

1. Contractor will use a cost allocation method for personnel and indirect costs. Contractor's cost allocation method must be supported by a cost allocation plan with a quantifiable methodology validating the basis for paying such expenditures. The cost allocation plan should be prepared within the guidelines set forth under 2 CFR (Code of Federal Regulations) Part 225, "Cost Principles for State, Local, and Indian Tribal Governments" (OMB Circular A-87). Contractor will be reimbursed at the agreed-upon indirect overhead rate not to exceed 15% to be applied against salaries and direct operating costs.

2. Contractor will use a direct billing method for all budget category items other than personnel and indirect costs. Charges submitted by Contractor based on a direct billing method must be supported by appropriate invoices that sufficiently document the expenditure.

B. Document all costs by maintaining complete and accurate records of all financial transactions associated with this Contract, including, but not limited to, invoices and other official documentation that sufficiently support all charges under this Contract; and

C. Repay any disallowed costs identified by County through monthly reports, audits, monitoring or other sources within thirty days of receipt by Contractor of notice from County that the costs have been disallowed. Contractor may appeal a disallowance to the County's Health & Social Services Deputy Director of Mental Health, or designee, within fifteen days of receipt of a disallowance

notice. The appeal must include the basis for the appeal and any documentation necessary to support the appeal. No fees or expenses incurred by Contractor in the course of appealing a disallowance will be an allowable cost under this Contract and may not be reimbursed.

D. Contractor shall be responsible for all tangible personal property purchased with funds from this Contract. Contractor shall develop and maintain a system to track such tangible personal property and submit a quarterly accounting of all property purchased with County funds. Contractor shall ensure adequate safeguards are in place to protect such assets and shall exercise reasonable care over such assets to protect against theft, damage or unauthorized use. Contractor shall return such assets to the County upon Contract termination, unless the depreciated value of the asset is \$0.

3. **SUBMISSION OF COST REPORT**

A. County will schedule a cost report briefing no later than 30 days after start of contract. Contractor will submit its Cost Report within 30 days of the briefing. Contractor's Cost Report must be complete, accurate and formatted within the guidelines provided by the Solano County Health and Social Services Department.

B. If Contractor is currently out of compliance with the Cost Report's submission requirement, Contractor agrees that funds to be disbursed under the terms of this contract will be withheld until such time as Contractor submits an acceptable Cost Report. County will not be liable for any interest that may accrue as a result of delay in payment caused by Contractor's failure to submit an appropriate Cost Report.

C. Contractor must repay the County for any disallowed costs identified by County through monthly reports, audits, Quality Assurance monitoring, or other sources within thirty days of receipt of notice from County that the costs have been disallowed. Contractor may submit a written appeal to a disallowance to the County's Health & Social Services Deputy Director of Mental Health, or designee, within fifteen days of receipt of a disallowance notice. The appeal must include the basis for the appeal and any documentation necessary to support the appeal. No fees or expenses incurred by Contractor in the course of appealing a disallowance will be an allowable cost under this Contract and will not be reimbursed by County.

D. If Contractor provides services to multiple counties, it must use the Net Cost Method, reporting only the costs (activities) directly attributable to County.

4. **FINANCIAL STATEMENTS AND AUDITS**

A. Contractor agrees to furnish annual audited financial statements for fiscal year end June 30, 20XX to the County by November 30, 20XX.

B. Contractor agrees to furnish all records and documents within a reasonable time, in the event that the County, State or Federal Government requests an audit.

5. **CONTRACT EXTENSION**

In the event that this Contract is extended for 90 days to allow for a novation or renewal of the Contract, then the maximum amount of reimbursement for the extension period beginning July 1, 20XX through September 30, 20XX is \$X,XXX.xx subject to the availability of funding as set forth in Exhibit C and apportioned in the same manner as provided in the original contract term.
