

Our Philosophy

PEAK partners work with a family strengths based philosophy that builds on positive and resilient factors with each family, while identifying the areas of service needed to ensure optimal child development. Every service also includes a well-understood set of expectations and philosophies that are embedded into the work plans to assure each partner successfully achieves the goals of the PEAK initiative and works in coordination with other PEAK and community based service providers, and Solano County Health and Social Services departments .

PEAK Funding Partners

This project is funded by First 5 Solano Children and Families Commission and Solano County Health and Social Services Mental Health Division

PARTNERSHIP FOR EARLY ACCESS FOR KIDS

The **PEAK Initiative** is a unique new service continuum that encourages families and providers to understand the developmental needs of children from birth through 5 years of age. The initiative offers developmental screening and referrals to supportive services as appropriate.

PEAK Lead Agencies:

- ◆ **Children's Nurturing Project**
- ◆ **EMQ FamiliesFirst**

PEAK Partner Agencies:

- ◆ **Youth and Family Services**
- ◆ **Child Start, Inc.**
- ◆ **Solano Family and Children Services**
- ◆ **Dixon Family Services**
- ◆ **Solano County Office of Education– SELPA**
- ◆ **North Bay Regional Center**
- ◆ **Child Haven, Inc.**

AND, the support of multiple service partners and in-kind agency support – all of which are integral to the overall success of this system-wide redesign. PEAK is committed to the common goal of achieving earlier identification of children with special needs to help improve their developmental potential when they enter Kindergarten.

“All young children deserve regular developmental screenings from parents, caregivers and providers who have the tools and knowledge that help the child to reach their developmental potential.”

PEAK includes **5** separate but coordinated service strategies:

- ◆ **Parent/Caregiver Education**
- ◆ **Provider Education and Training**
- ◆ **Screening and Assessment**
- ◆ **Parent Coaching**
- ◆ **Limited Short Term Treatment**

Families will be referred to other services and community resources based on their individual needs.
